

The Feminine *Rediscovered Honored and Cherished*

A WORKSHOP FOR WOMEN

TELL ME YOUR STORY
WHEREVER YOU START THAT'S THE BEGINNING
KEEP ON GOING AND THE ENDING WILL FIND YOU

With the guidance of Marcia L. Pressman, Ph.D., Jungian oriented clinical psychologist and President, Institute of Applied Psychology, an awareness of "Me" is created. This innovative experiential workshop offers an opportunity to honor your personal story and create a new one.

With the guidance of Michelle A. Waters M.A., co-author *The Orange Line: A Woman's Guide to Integrating Career, Family & Life*, a practical skills approach is offered toward your purpose of creating a new story. Michelle will integrate new behavior with examples honoring your feminine soul.
